- About IEO (Initial Exchange Offering)
- Project Goal
- Future Outlook

Introduction

New Social Value Lab Co., Ltd. is a consulting firm established to reexamine forgotten virtues and undervalued values and to respond to an unpredictable future. We work together with our clients to build a sustainable society.

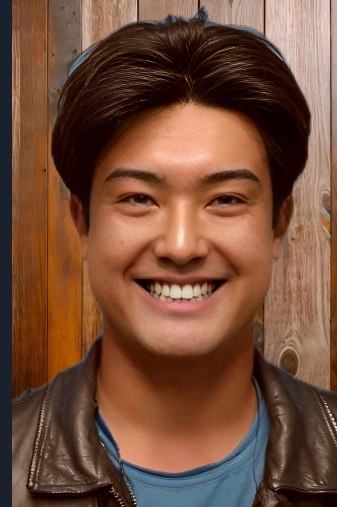

About the Original Token "GIRI COIN"

"GIRI COIN" is an original token distributed as a novelty to clients who participate in our consulting services. This token symbolizes the traditional Japanese virtue of "giri" (義理) and aims to spread it worldwide. Through this token, we promote the reevaluation of societal values and contribute to the realization of a sustainable society.

About IEO (Initial Exchange Offering)

Through the IEO of "GIRI COIN," we aim to make our project known to a wider audience and encourage participation. IEO serves as a new means of fundraising and provides an excellent opportunity to appeal to investors and the cryptocurrency community worldwide.

Project Goals

Through the IEO of "GIRI COIN," we aim to achieve the following goals:

- Build partnerships with new investors
- Increase token liquidity
- Improve project visibility
- Contribute to a sustainable society

Future Outlook

Through "GIRI COIN," we continue to strive for the realization of a society that values bonds and empathy. Furthermore, we aim to embrace and adopt new standards of value that emerge alongside technological advancements, paving the way for the future.

Thank you
for your time
